Prentice House residents have the right to an informal and formal grievance process. It should always be preferred to have grievances resolved informally whenever possible.

Informal

When a resident feels that a right has been violated, they should notify a staff member immediately. The Program Director will then schedule a meeting with the resident and any staff members related to the grievance. The Director will determine whether a right has been violated. Abbreviated levels of action are as follows:

- A. Notify your service provider within the specified time limits and cannot be threatened or penalized for informal or formally filing a grievance.
- B. A resident can appeal the service provider's decision to the county agency director if the placement is being paid by a county.
- C. If resident or any party of the grievance is dissatisfied with the county level decision or you are paying for the services through a private agency an appeal may be made at the state level to the State Grievance Examiner.
- D. If the resident or any party to the grievance is still dissatisfied an appeal can be made to the Administrator of the division of Supportive Living. This will be the final decision/review.
- E. Residents have a right to file suit in court if they feel there has been a violation of rights at any time and seek damages or other court relief. Residents may also file suit if they believe they are being placed against their will and ask a court to review their commitment or placement order.

To keep track of the residents clothing and personal items of value list them in the left hand column. Make note of the minimum requirements to make sure they have what they need. When a resident brings in new items or goes on a home visit, this form needs to be updated. Simply put the date in the column and mark what items are going out with an "O" or in with an "I". At the bottom make a note of the reason such as HV – home visit, N – new, W – worn out. This is the client's responsibility to fill out and keep updated, we are not responsible for items that are lost, stolen, traded, or sold while the resident is in our care.
